INTELLIGENCE MEETS LUXURY

The XPENG X9 redefines what an electric MPV can be. Combining advanced intelligent technology, exceptional comfort and remarkable practicality, the premium X9 is designed to elevate every journey.

From family adventures to executive travel, its spacious cabin, innovative features and sophisticated design deliver a first-class experience for every passenger.

A SANCTUARY ON THE MOVE

Zero Gravity Seats

Inspired by aerospace innovation, the X9's second-row Zero Gravity seats are designed to support the body in a natural, relaxed position, helping reduce fatigue on longer journeys. Enjoy outstanding comfort with 14-way power adjustment, 4-way lumbar support and 4-way leg rest adjustment, while heated, ventilated and massage functions ensure a first-class experience for both driver and front passenger.

Premium Nappa Leather Seats

Delivers exceptional comfort and refinement for both driver and passengers in the front and second row seats.

Windless Surrounding Central Air Conditioning

An innovative climate system circulates air gently throughout the cabin, creating a comfortable environment while reducing direct airflow.

21.4” Entertainment Screen

Passengers can enjoy an immersive entertainment experience through the large rear display, ideal for long journeys and family travel.

27-Speaker XOPERA Sound System

All 27 speakers (including 2 exclusive driver’s headrest speakers) are equipped with the XOPERA sound system, which has been masterfully tuned, 7.1.6 panoramic effective technology, and self-developed acoustic algorithms to create mind-blowing sound effects.

Heating & Cooling Refrigerator

An integrated refrigerator provides convenient cooling or warming functionality, helping keep refreshments at the ideal temperature during every journey.

EXCELLENCE DEFINING FEATURES

XPENG is driven by a commitment to smart mobility, seamlessly blending advanced technology with everyday usability. The X9 is built to enhance every journey through intelligent systems engineered for precision, comfort and connectivity.

01

XPILOT ASSIST

Powered by the high-performance Turing chip, XPILOT ASSIST enhances driving, parking and safety with intelligent features including Adaptive Cruise Control, Adaptive Turning Cruise and Enhanced Automatic Parking Assistance. A 360° camera with transparent chassis view, collision prevention systems and Reversing Assist, which can automatically retrace the vehicle's path out of tight spaces and dead ends, help make every journey safer and easier. All as standard.

02

Over-the-air (OTA) software updates

Keep your vehicle continuously up to date with remote software enhancements that deliver new features, improved functionality and ongoing performance optimisation.

03

Full-Stack Lofic Architecture

Equipped with a front binocular camera and rearview camera, the XPENG Full-Stack Lofic Architecture enhances environmental perception across a wide range of driving scenarios, adapting seamlessly to both light and dark conditions. All while acting as a dashcam for added security.

04

XPENG Sensor Suite

A comprehensive network of cameras, ultrasonic sensors and intelligent systems with the ability to recognise and distinguish different types of obstacles-both dynamic and static-with precision.

05

Pet Mode

Keep your furry friends safe and comfortable while you're away from your vehicle. With a message displayed on the centre console to inform passersby's that they're being taken care of.

06

Seamless Entry

When enabled within the XPENG App, you can approach the vehicle and enjoy effortless access with intelligent keyless entry, automatic door functionality and a welcoming cabin experience.

07

Digital Rearview Mirror

A high-definition camera feed provides a wider, unobstructed rearward view, helping maintain visibility even when passengers or luggage fill the cabin.

08

Voice Control

Control key vehicle functions naturally using intelligent voice commands, from navigation and entertainment to climate settings and vehicle systems.

09

Sentry Mode

Enhanced vehicle monitoring helps provide greater peace of mind while parked, using intelligent systems to detect and record unusual activity around the vehicle. The sentry cameras also act as a built in dashcam.

10

Intelligent XOS Cockpit

XPENG's intelligent operating system seamlessly integrates vehicle controls, navigation, entertainment and connectivity into one intuitive digital experience.

ALWAYS CONNECTED

Stay connected to your vehicle wherever you are through the XPENG App, providing convenient access to key vehicle functions and real-time information.

- Remote vehicle monitoring and control including lock/unlock.
- Supports Auto Park, Remote Control, and Straight Summon to easily navigate tight spaces.
- Vehicle status, charging management and cabin pre-conditioning.
- Customisable shortcuts for faster access to frequently used features.

THE SHAPE OF MODERN LUXURY

The XPENG X9 combines bold styling with aerodynamic efficiency. Its distinctive silhouette, sculpted dynamic lines and advanced lighting signatures create a striking presence on the road while enhancing overall performance and efficiency. Generous panoramic windows flood the cabin with natural light, creating an exceptional sense of space and allowing passengers to enjoy uninterrupted views throughout every journey.

EXTERIOR COLOURS

COLOURS COME AT AN ADDITIONAL COST

ARCTIC WHITE | SILVER FROST | GRAPHITE GREY | MIDNIGHT BLACK

REFINED FINISHES

Electric Sliding Doors & Flush Door Handles

Elegant electric sliding doors and integrated flush handles enhance convenience while contributing to the vehicle's sleek profile.

Privacy Glass

Rear privacy glass increases passenger comfort while helping reduce glare and enhance cabin exclusivity.

Soundproof Glass

Acoustic glazing helps minimise road and wind noise, creating a quieter, more refined driving experience.

CRAFTED AROUND YOU

Coffee and Meteorite Black Interior options

The X9's luxurious interior combines full-grain top-layer Nappa leather seats, an ultra-fibre steering wheel and a striking 17.3-inch central touchscreen to create a modern, sophisticated cabin. SPA-inspired 10-point massage seats with six intelligent modes, multi-colour ambient lighting and acoustic soundproof glass work together to deliver exceptional comfort and refinement on every journey.

MADE FIT FOR YOUR LIFE

The highly flexible interior adapts effortlessly to changing lifestyles. With spacious seating arrangements and practical cargo solutions, the X9 is ready for everyday family use, leisure activities and long-distance travel.

- Flat, step-free floor design throughout the cabin
- Second-row seats feature a 1,100mm electric slide rail for easy one-touch access the third row
- Third-row seats fold completely flat with one click, expanding cargo space from 721L to 2554L
- Submerged trunk design fits seven suitcases even with all seats occupied
- Flexible 40:60 split-folding third-row seats allow you to effortlessly balance passenger comfort and luggage capacity to suit every journey.

PRECISION THAT POWERS AGILITY

Rear Wheel Steering & 5.4m Turning Radius

Active rear-wheel steering enhances manoeuvrability, making the X9 remarkably easy to handle in urban environments and tight spaces.

Dual-Chamber Air Suspension

Six-level adjustable air suspension automatically adapts ride height to driving conditions, while predictive road scanning detects obstacles up to 30 metres ahead and adjusts damping in advance for enhanced ride comfort.

Ultra-Low Drag Coefficient

The streamlined aerodynamic design helps improve efficiency, reduce wind noise and contribute to an improved driving range.

ENGINEERED TO PROTECT

The XPENG X9 combines an advanced vehicle structure with intelligent safety technologies designed to support drivers and safeguard occupants. Every journey benefits from a comprehensive suite of active and passive safety systems, providing reassurance for families and passengers alike.

Five-Star Euro NCAP Safety Rating

The XPENG X9 has been developed to meet the highest European safety standards and has achieved a five-star Euro NCAP safety rating.

Comprehensive Airbag Protection

9 airbags throughout the cabin help provide protection for occupants across all three rows, enhancing safety in a range of collision scenarios.

Intelligent Driver Assistance Systems

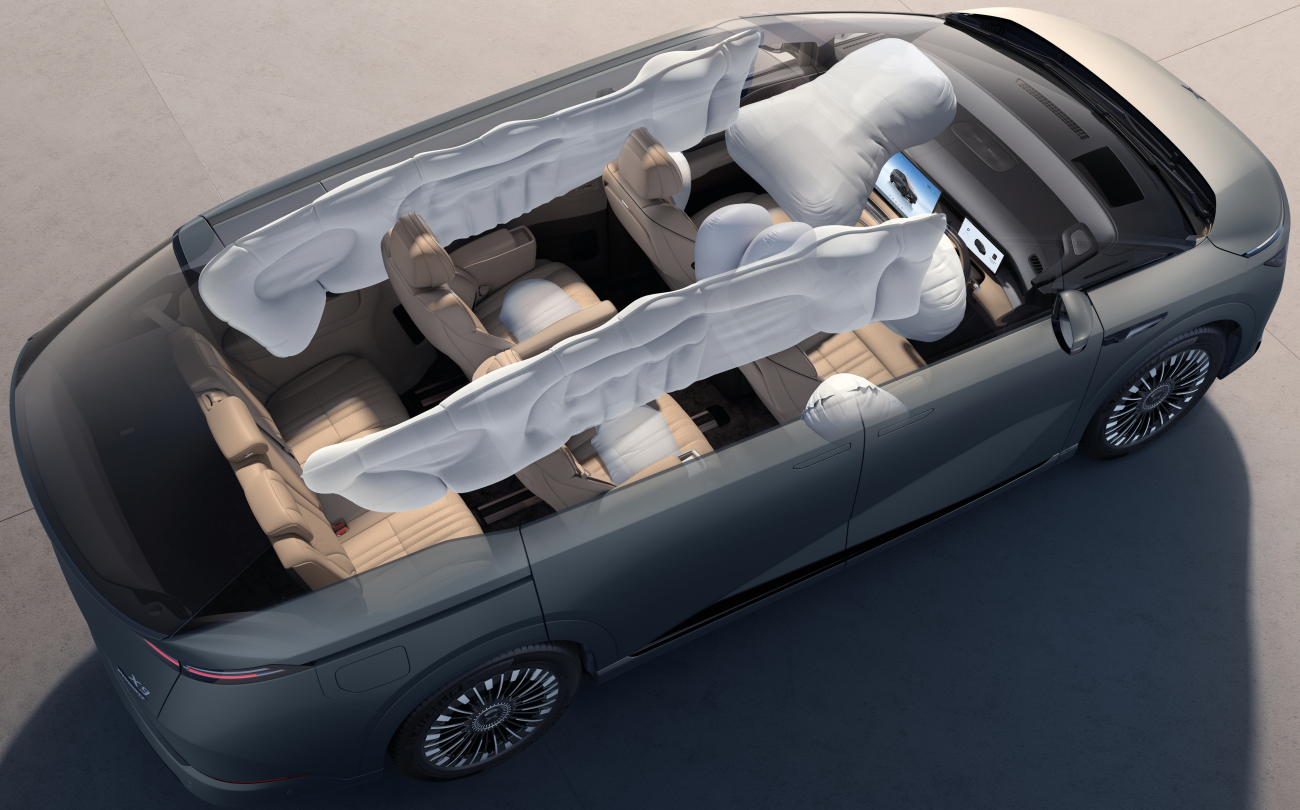
Advanced safety technologies and 12 cameras and ultrasonic radars continuously monitor the road ahead and surrounding environment to support safer driving.

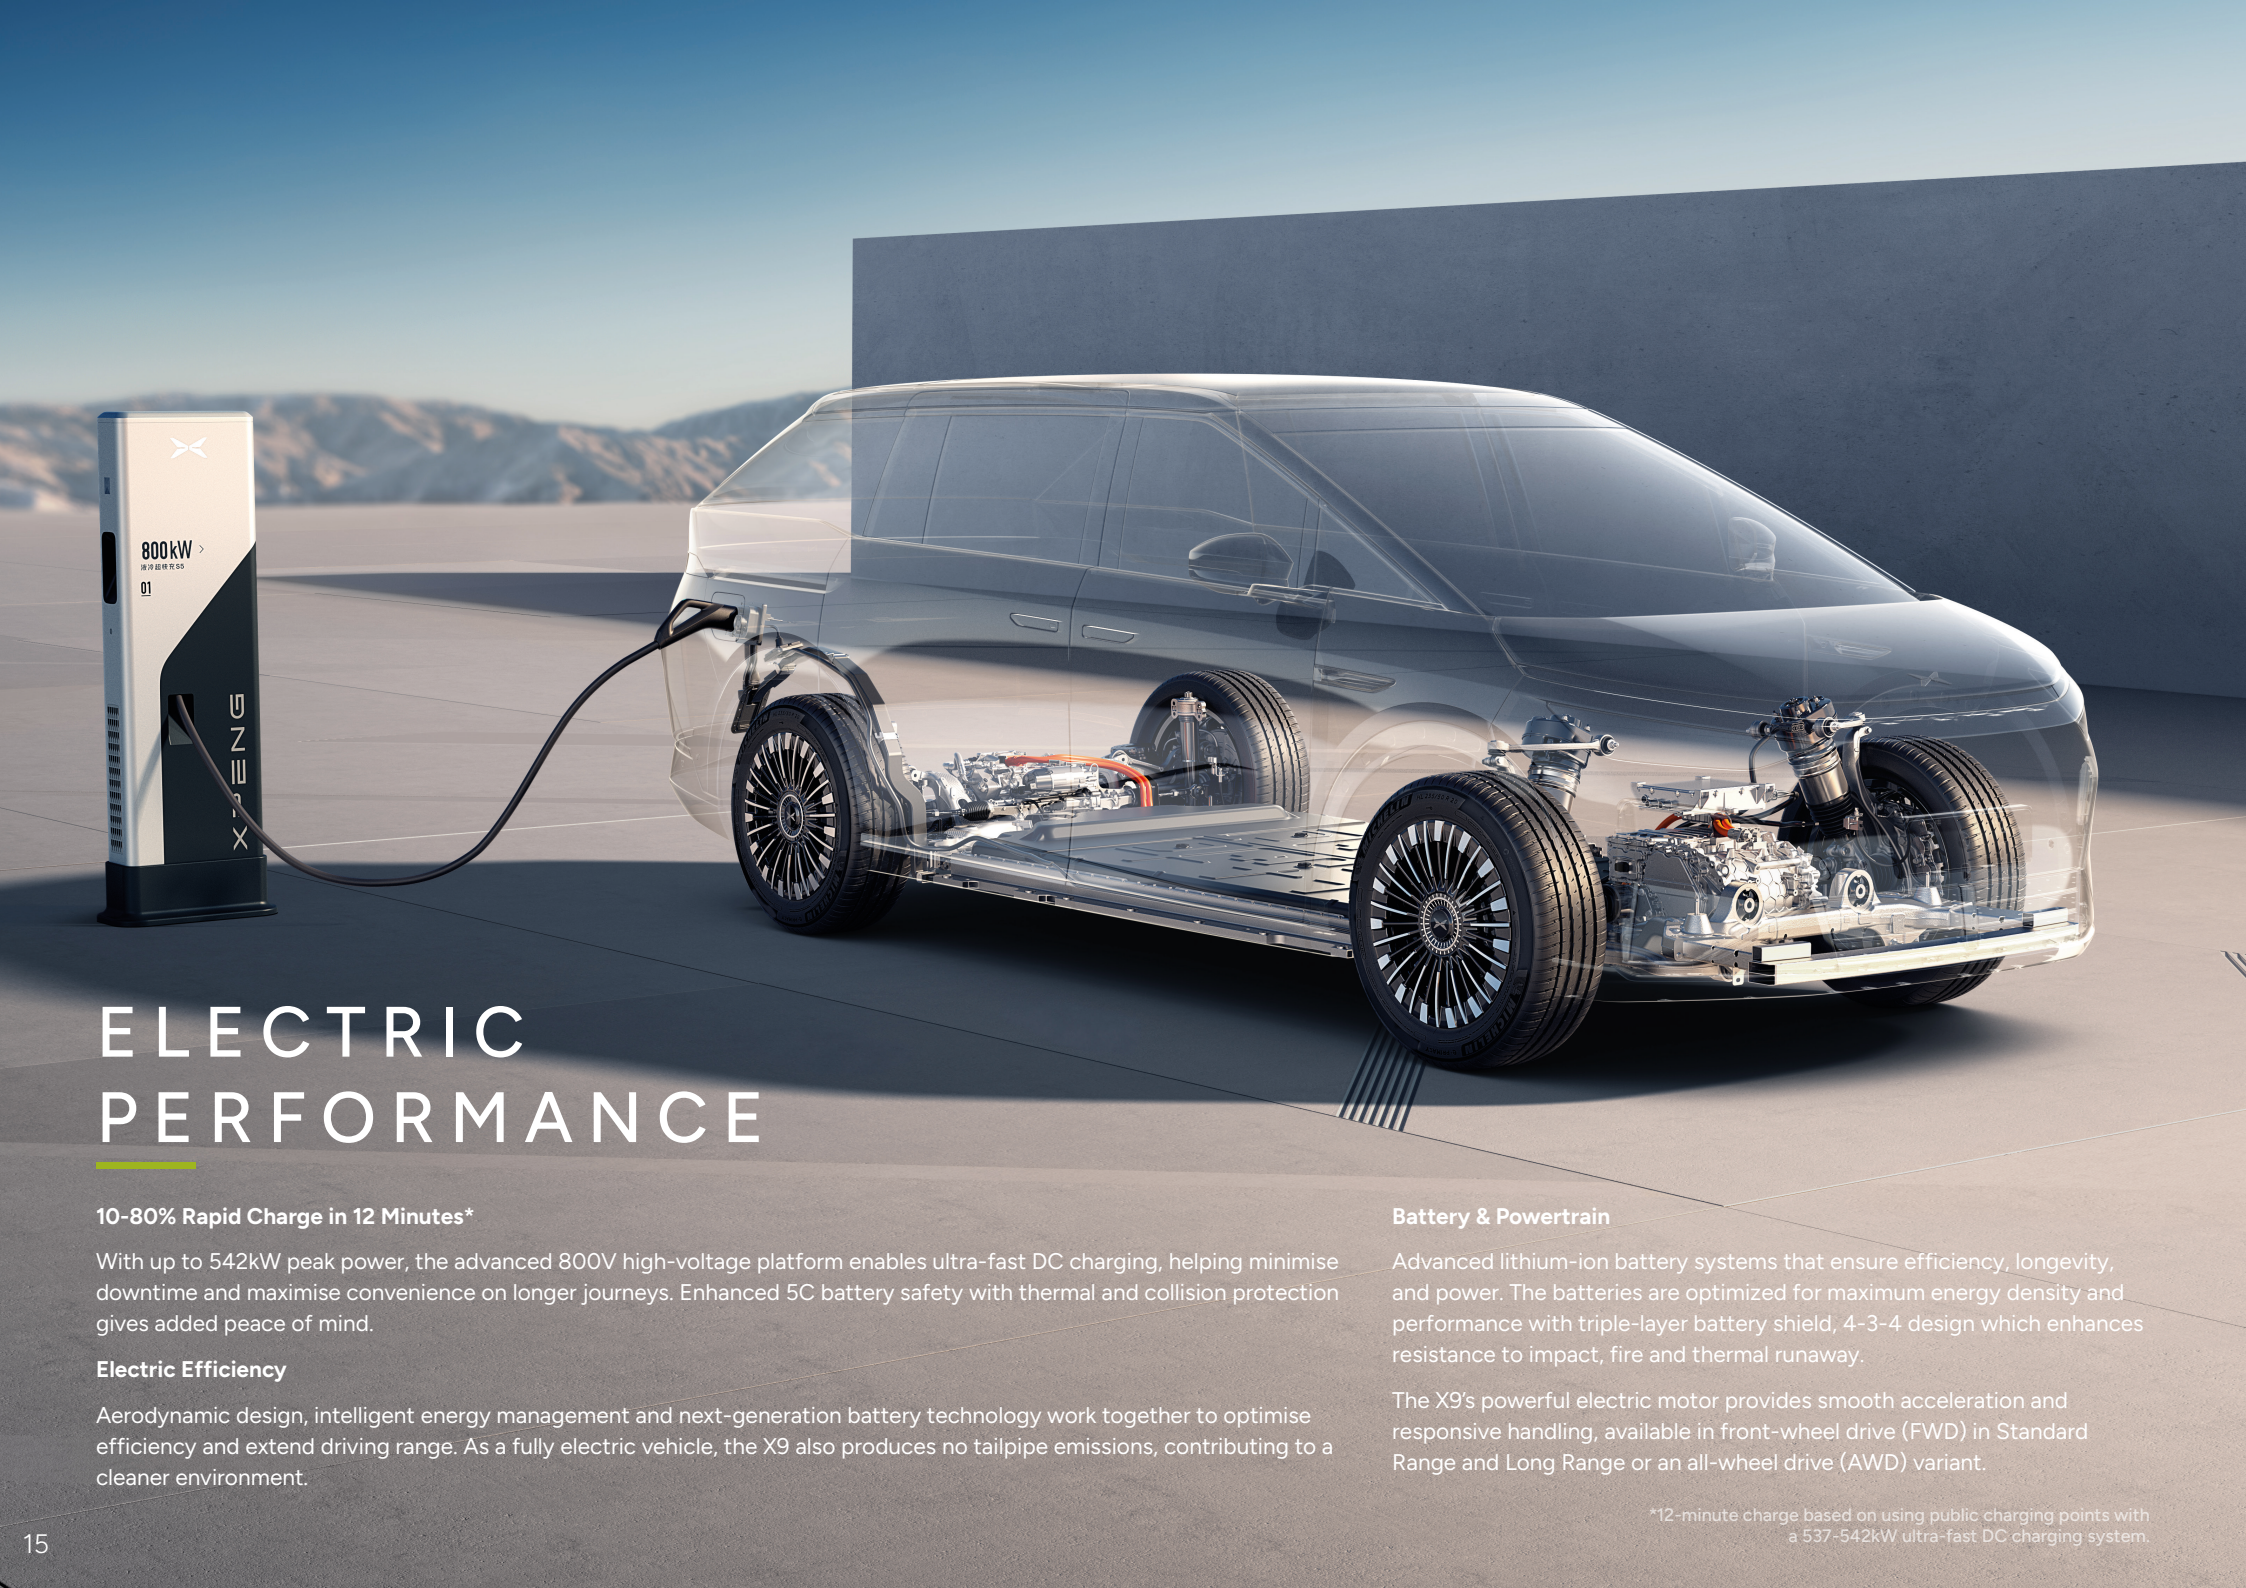
Rigid Safety Cell Construction

A 2000MPa ultra-high-strength safety cage body is designed to absorb and distribute impact forces, helping to protect passengers in the event of a collision.

Advanced Blowout Stability Control

For added peace of mind, Intelligent Blowout Stability Control helps maintain vehicle stability and steering control in the event of a sudden tyre failure





ELECTRIC PERFORMANCE

10-80% Rapid Charge in 12 Minutes*

With up to 542kW peak power, the advanced 800V high-voltage platform enables ultra-fast DC charging, helping minimise downtime and maximise convenience on longer journeys. Enhanced 5C battery safety with thermal and collision protection gives added peace of mind.

Electric Efficiency

Aerodynamic design, intelligent energy management and next-generation battery technology work together to optimise efficiency and extend driving range. As a fully electric vehicle, the X9 also produces no tailpipe emissions, contributing to a cleaner environment.

Battery & Powertrain

Advanced lithium-ion battery systems that ensure efficiency, longevity, and power. The batteries are optimized for maximum energy density and performance with triple-layer battery shield, 4-3-4 design which enhances resistance to impact, fire and thermal runaway.

The X9's powerful electric motor provides smooth acceleration and responsive handling, available in front-wheel drive (FWD) in Standard Range and Long Range or an all-wheel drive (AWD) variant.

*12-minute charge based on using public charging points with a 537-542kW ultra-fast DC charging system.

VEHICLE WARRANTY

Vehicle
5-Year / 75,000
Mile Warranty

Drive confidently knowing you're backed by a robust manufacturer warranty that covers your vehicle for five years or up to 75,000 miles - whichever comes first. It's our promise of quality and reliability.

Battery
8-Year / 100,000
Mile Warranty

Hit the road with confidence, knowing your battery is protected by an eight-year or 100,000-mile warranty - whichever comes first. This coverage reflects our commitment to advanced technology, long-term performance, and the dependable quality you expect from XPENG.

Body
12-Year / Unlimited
Mileage Warranty

Our 12-year, unlimited mileage anti-corrosion warranty protects against corrosion and perforation, ensuring long-term durability. It's part of our commitment to quality and reliability - so you can focus on the road ahead, not what's under the surface.

Service Intervals
1-Year / 12,500
Miles

Keep your XPENG performing at its peak with routine servicing recommended every 12,500 miles or one year - whichever comes first. Regular maintenance helps ensure long-lasting reliability and the smooth, worry-free driving experience you expect.

Last updated 21/07/2026 - Warranty information and cover is subject to change at the discretion of XPENG UK

WHAT YOU CAN EXPECT FROM US

At XPENG UK, we're committed to giving you the best possible experience. Here's what we promise:

- Friendly, helpful service from people who care.
- We'll listen to you carefully and do everything we can to make things right.
- We'll always treat you with fairness and respect.
- We'll keep things simple and clear—no jargon, just honest info.
- We'll try to answer your questions the first time, or let you know when to expect an update.

XPENG UK: Discover the Xtras that go the extra mile

At XPENG UK, we believe your journey should come with more than just cutting-edge technology and premium design—it should come with peace of mind. That's why every XPENG vehicle comes equipped not just with innovation under the bonnet, but also a suite of Xtras that elevate your ownership experience from day one.

1-Year
Roadside Assistance

Whether it's a flat tyre or an unexpected stop, you're covered across the UK and Europe - at home or by the roadside - with 12 months of roadside assistance. Help is just a phone call away—anytime, anywhere.

Comprehensive
5-Year / 75,000
Mile Warranty

Drive confidently knowing you're backed by a robust manufacturer warranty that covers your vehicle for five years or up to 75,000 miles—whichever comes first. It's our promise of quality and reliability.

Insurance
Solutions

XPENG Insurance offers competitive rates and coverage that understands your electric lifestyle. With policies tailored to EV drivers, you're protected on the road with fewer compromises and more value.

Flexible
Service Plans

Maintain peak performance with our tailored service plans. Designed to suit your driving habits and needs, our plans ensure your XPENG stays in prime condition, while keeping your costs predictable.

Accident
Aftercare

In the event of an accident, our dedicated Accident Aftercare team is here to take the stress out of the situation. From handling claims to arranging repairs at XPENG-approved centres, we're by your side, every step of the way.
